Further Information and Disclaimer

The products featured in this brochure are not intended to diagnose, treat, cure, or prevent any disease. None of the statements made herein regarding dietary supplements, herbal products, and wellness formulations have been evaluated by the United States Food and Drug Administration (FDA). Results may vary by individual.

Cosmetic products including "Skin" products featured in this brochure are for external use only. Individual results may vary.

None of the products featured in this brochure including "GLP-1 Balance" contain GLP-1 or synthetic GLP-1 or are a GLP-1 agonist drug.

The product featured in this brochure entitled "Senna Gummies" should only be used as directed and is not intended for long-term use.

Pet products as provided herein including the product entitled "Pet Probiotic" are not intended to diagnose, treat, cure, or prevent any disease in animals. A veterinarian should always be consulted before use.

Products featured in this brochure containing cannabidiol (CBD) are not evaluated by the FDA and are not for use by or sale to individuals under 21 years of age. A healthcare provider should be consulted before use if the user is pregnant, nursing, has a medical condition, or is taking any medications.

This brochure is intended for informational purposes only and is not a substitute for professional medical advice, diagnosis, or treatment relating to use of any products featured herein. Advice from a physician or other qualified health provider as it relates to use of any products featured herein, should be sought regarding any medical condition or health-related concerns.

* From time to time, ingredient availability and market conditions may necessitate modifications to a product's formula, which may result in updates to the Supplement Facts panel. Additionally, clarifications or updates to FDA labeling requirements may require adjustments to ensure ongoing compliance. These changes are part of standard industry practice and, while beyond our control, are managed with the utmost care to maintain product quality and regulatory adherence.

*At all times, it is the Customer's full responsibility to ensure its labels are compliant with FDA regulations and other applicable label requirements. From time to time, changes in FDA labeling requirements, ingredient availability, and market conditions necessitate modifications to a product's formula resulting in updates to the associated Supplement Facts panel. Such changes are managed by Full Stack Fulfillment, LLC with an effort to maintain product quality and regulatory adherence.
